KEVIN GACHUNJI WAMBUGU

Computer Science Graduate | Software Engineer | QA & Test Automation | AI Output Evaluation

Kangema, Murang'a County | +254 718 249 497 | kevingachunji@gmail.com

---

PROFESSIONAL SUMMARY

Computer Science graduate (Meru University of Science and Technology) and Software Engineering graduate (Moringa School) with a quality-focused, detail-driven approach to software. Hands-on experience since 2023 evaluating AI/LLM outputs against detailed quality rubrics, identifying inaccuracies in AI-generated code and responses, and labelling datasets used for model development. Solid foundation in Python, Java, JavaScript, C#, SQL, REST APIs and database design, with IBM-certified cybersecurity fundamentals. Seeking to grow in test automation and AI quality assurance: building reliable, traceable test coverage and communicating release risks clearly.

TECHNICAL SKILLS

Programming Languages	Python, Java, JavaScript, PHP, C#, SQL
Web Development	REST APIs, HTML5, CSS3, Responsive Design
Databases	MySQL, Microsoft SQL Server, Database Design, SQL Query Writing (data checks and validation)
Tools & Concepts	Git/GitHub, VS Code, Visual Studio, NetBeans, OOP, SDLC, Software Testing, Technical Documentation
Quality & AI Evaluation	AI/LLM Output Evaluation, Rubric-Based Quality Review, Defect Identification and Reporting, Data Annotation and Labelling, Test Documentation,

	Cybersecurity Fundamentals

EDUCATION

Software Engineering | Moringa School | Graduated July 2026

Bachelor of Science in Computer Science | Meru University of Science and Technology | 2020 - 2025

Kenya Certificate of Secondary Education | Nyagatugu Boys High School | 2016 - 2019

- Grade: B Plain (62 points)

Kenya Certificate of Primary Education | Karurumo Primary School | 2005 - 2015

- Score: 301 marks

CERTIFICATIONS

Cybersecurity Fundamentals | IBM SkillsBuild (Credly) | Issued Jul 2024

- Covered core security concepts, threat detection and response, risk management, cryptography, and cyber threat intelligence, relevant to security-related quality checks and protecting sensitive data.

Project Management Fundamentals | IBM SkillsBuild (Credly) | Issued Jun 2025

- Covered project management fundamentals, project deliverables, and UX research basics.

Explore Emerging Tech | IBM SkillsBuild (Credly) | Issued Aug 2026

- Covered artificial intelligence, cloud computing, cybersecurity, and quantum computing fundamentals, supporting an understanding of AI/ML concepts and cloud-based delivery.

RELEVANT EXPERIENCE

AI Trainer / Data Annotation Specialist (Freelance) | Aligner, Handshake, Outlier, Mercor | 2023 - Present

- Evaluate large language model outputs across multiple AI platforms by rating, ranking, and refining responses against detailed quality guidelines and rubrics, applying consistent, objective standards.
- Review AI-generated content for accuracy, relevance, correctness, and guideline compliance, writing structured feedback that documents issues and supports improvements to model reasoning and response quality.

- Identify inaccuracies and faulty logic in AI-generated code and technical explanations, drawing on a software engineering background to judge whether outputs meet stated requirements.
- Annotate and label text and code datasets using predefined taxonomies, maintaining data quality and accuracy to support AI/ML model development for enterprise AI labs.

Attachee | Athi Water Works Development Agency | May 2024 - July 2024

- Supported assigned duties in a professional office environment, following structured workflows and operational processes.
- Strengthened reporting, documentation, teamwork, and communication under supervision.

Gained exposure to how process discipline and accurate record-keeping support organisational operations.

Intern | Kanyenyaini Tea Factory | May 2023 - July 2023

- Supported day-to-day operational work and learned how technology fits into business processes.
- Assisted with reporting, coordination, and communication within a fast-paced work environment.
- Strengthened problem-solving, teamwork, and responsibility under supervision.

Research Assistant / Support Role | APG Research | June 2022 - July 2022

- Assisted with research-related tasks, documentation, and structured reporting.
- Built attention to detail and discipline in handling assigned work accurately.

SELECTED PROJECTS

Database-Driven Systems | Personal and Academic Projects

- Built business-style systems including an Inventory Management System (PHP, MySQL, JavaScript) and School, Library, and Staff Management Systems, working with relational database design and SQL queries.
- Applied SDLC practices, testing, and technical documentation while building and validating these applications.

LEADERSHIP & SERVICE

Chairperson, Kangema University and Colleges Students Association (KUCSA)|August 2024 - Present

- Provide strategic leadership and oversight of association activities and programs.

- Coordinate engagement between students, university administration, and external stakeholders.
- Lead planning, implementation, and evaluation of student development initiatives.
- Manage meetings, communications, and organizational reporting.
- Promote teamwork, accountability, and effective decision-making within the association.
- Represent the interests of students in consultative and leadership forums.

Chairperson | Meru University Central Kenya Students Association | March 2023 - March 2024

- Led coordination and communication among student members and represented group interests.

Senior Leadership Advisor | Student Association of Meru University (SAMU) | February 2023 - February 2024

- Contributed to planning, advice, and communication in a leadership setting.

Secretary General | Kangema University and Colleges Students Association | August 2021 - March 2023

- Handled communication, records, and coordination for association activities.

PERSONAL ATTRIBUTES

- Analytical and detail-oriented, with high integrity and sound independent judgement.
- Able to work independently and as part of a team across technical and non-technical stakeholders.
- Fast learner with a willingness to adapt and improve.
- Clear, concise communicator and reporter, comfortable working under pressure.

REFEREES

Available upon request.
